Thanks!

FYI, please continue to keep me in the loop so I can bring myself up to speed. However, since I'm on a bit of overload right now, Rich is going to cover for me and will be the POC on the press release. I'll absolutely continue to read and review docs, so all this changes is who will issue the PR and who will be the Media POC.

Have a wonderful day...be well...and be safe!

Thanks Laura: yes, this dated document was mostly to help get you up to speed on this long term permitting effort. I will plan to update it to consistent with our plans to issue the final permits including additional Qs and As before I send it to you for review.

Douglas

Douglas: I started reviewing this draft but realized it reflects the comms plan for the draft, not final, permits. I've made some suggestions in this version., Once tech language is updated, I can review from a comms perspective. If you think I should continue commenting on this version, please let me know and I'm happy to continue my review. I just thought it made sense to wait for the next iteration. Laura
